CLUB HISTORY

Swansea University F. C. Club History Swansea University has a Welsh League heritage dating back to the 1960s, when under its previous guise as the University College Swansea played at the highest level of Welsh football for nearly 2 decades. The University first entered the Welsh League in the 1966/67 season and incredibly won Division 2 in our first season, sealing promotion to Division 1 at the first time of asking. At the time, there were also three divisions; the Premier Division, Division 1 and Division 2. The students of Swansea continued to impress in the 1967/68 season by finishing runners-up in Division 1 to seal promotion to the Premier Division in just 2 seasons – a meteoric rise in similar fashion to the modern day Swansea University team. Unfortunately, the club's stay in the Welsh League Premier Division was short lived, and they were relegated at the end of the 68/69 season but bounced back the following season as Champions of Division 1. Following another relegation in 1971/72, Swansea University stabilised in Division 1 until 1978, when they suffered a drop into Division 2. The club competed in the third tier of the Welsh League until 1985, when sadly it fell out of the league leading to a 32 year exodus which ended in 2017 with the return of the University to higher levels of the Welsh football pyramid. The Swansea University team of yesteryear prospered and offered a platform for Swansea students to enjoy a high level of football whilst studying in South West Wales. These guiding principles underpinned the resurrection of league football at Swansea University in 2011. Team Swansea was started by a group of forward looking students, but not even the founding members could have predicted the second meteoric rise of the University team, which has seen it return to the Welsh League. Only in its 7th season, the club is still in its infancy but has had its fair share of silverware in that time. 4 promotions, 2 Gwalia cups, 1 Senior Cup and an unforgettable 10-0 win in the final of the West Wales Cup in 2015. The pinnacle of the club's achievement was sealing the Swansea League championship and West Wales Cup double in May 2017. Swansea University secured the historic return to the Welsh League in a winner takes all Welsh League play off against Neath League champions Cwm Wanderers. The All whites ran out 6-0 winners on the day to cap a fantastic season. The first season back in the Welsh League in the 17/18 campaign was a stunning success. Promotion to Division 2 was sealed with 3 games to spare as the University clinched the Welsh League Division 3 title with an emphatic 4-0 win away at Caerau FC in Maesteg. To cap off a fine season of football, the club not only won the title by playing some remarkable football, they also claimed the Welsh League Division 3 FAW Fair Play Award, proving that it is possible to win with style, grace and outstanding discipline. The 2018/19 season was again a test of character and resilience for the students and staff. We were again proud of our achievement to secure the FAW Fair Play Award for the Welsh League Division Two. The reward recognises the efforts made both on and off the pitch to ensure that the whole squad focus on their commitment to the game. There were many testing times throughout the season but the squad finally pulled through following a remarkable run of form with some significant results achieved against strong opposition. Promoted as Runners-Up, the University squad will look to build again and move forward in to the newly formed Cymru South league where the challenges will continue to test the whole club week in week out.

LLANELLI TOWN AFC

History

The game of Association Football was introduced to the town's people of Llanelli when workers from the Staffordshire area of England migrated to the town to work in the 'newest' of the town industries - the Pottery works from 1892 to 1920. The club initially played in the Swansea & District League playing their first matches at Cae Blake, Furnace, then the Peoples Park before moving to Tunnel Road and then at Penyfan Fields.

In 1912-13 the club decided to become fully professional and applied for membership of both the Southern and Welsh League. They also moved to a new ground, Halfway Park, a former Cycle Stadium, which was situated two miles from the town centre. Their first season 1912-13 was an immediate success finishing in sixth position in the Southern League and third in the Welsh League. The following season they entered into the Welsh Cup and reached the final at their first attempt before losing to Wrexham in a replay at Oswestry after the team had initially drawn 0-0 at Swansea Town Vetch Field.

After the First World War the club continued to participate in the Southern League and in the Welsh League with moderate success. They had ambitions of reaching the Football League and as a first step they moved to a new ground in Stebonheath in 1922 Tottenham Hotspur were the FA Cup winners of the previous season were invited to make the occasion of opening the new ground by playing the local team and the Londoners were given a rude awakening when they lost 2-1 on the day. For the next three years Llanelli built up a reputation of being one of the leading non-league clubs in the country, and in 1925 become the only club to contest every round in the FA Cup from Preliminary to Qualifying rounds and on to the equivalent Third Round of today when they met Fulham at Craven Cottage before losing by the odd goal in a highly emotional game.

At the end of World War II with league football returning back to normality, Llanelli AFC in common with other Welsh clubs returned to the Welsh League fold and again gained a place in the Southern League succeeding Colchester United who had gained a place in the Football League. This was another venture into a league blessed with exFootball League players coming to the end of their careers. The manager of the time long servant Jack Goldsborough who had been a fixture in Stebo circles since 1923 as a player, trainer, coach, groundsman and secretary/manager assembled a team blessed in the main by ex Scottish League players including one John (Jock) Stein who was to find fame with Glasgow Celtic and Scotland in a managerial capacity after his playing days were over, but had made history in the FA Cup with the Reds in 50-51, before the club lost to Bristol Rovers after a 2nd replay at Ninian Park.

Even he and a succession of worthy managers could not prevent the indifferent seasons the club suffered which meant a lack of people through the turnstiles and by 1958 they had to seek re-election to both Southern and Welsh Leagues. They were granted a stay in the Southern League whilst had to be relegated in the Welsh League Division II (West). But worse was to follow when the Welsh FA refused to sanction their stay in the Southern League. Llanelli were left in limbo with an all time low for their future for the 1958-59 season.

But under the astute managership of Wilf Grant an England B International, promotion was gained to Division One of the Welsh League. But when Wilf Grant went on to other climes Doug Wallace and Des Palmer became managers in succession without gaining honours. For the 1967-68 season brought Gwyn Grant (who had been a backroom boy for years after a playing career) to the hot seat and his achievements were noteworthy. Three Welsh League Championship titles in 1970-71, 1976-77 and 1977-78 inspired by Gilbert Lloyd followed, but the club's ambitions of a higher grade of football were always denied.

With the advent of the League of Wales in 1992-93 season when they became founder members. After an initial successful season the club fell away once more, and again due to financial constraints they were relegated in season 1995-96. However, the advent of Robert Jones to the club as owner and Chairman saw the club take on a new lease of life. First Dudley Lewis as player/manager set the seeds in motion and Robbie James took over in consecutive years but in February 1988 Robbie James tragically died at Stebonheath playing against Porthcawl.

His place was taken over by Leighton James who gained promotion for the club once more to the League of Wales by virtue of their ending as runners-up to Champions Ton Pentre who had declined promotion. After one season when the club ended in a creditable fifth position he suddenly resigned and it all turned sour by 2002-03 when the club was relegated to the Welsh Division 1 once more.

In season 2003-04 saw the club regain their rightful place in the Welsh Premier League under the management of ex/players of yester year Neil O'Brien and Lee Randall. Season 2004-05 saw firstly Eddie May followed by Nick Tucker took over the helm and he managed to stave off relegation at the end of the season.

During the close season the club which had been 'up for sale' was taken over by the Jesco Group, who decided that the club needed to turn fully professional once again after half a century of lack lustre competition except for the Welsh League Championships of 1970-71, 76-77, 77-78 seasons. Spaniard Luca Cazorla become Director of Football and six Spanish players arrived at Stebonheath Park. But by Christmas something was adrift and Luca Cazorla left by mutual agreement with Peter Nicholas assuming control, achieving for the club for the first time in their history a position in the UEFA Cup after gaining 2nd spot. The following season 2007- 08 was one of success becoming League Champions and winning the League Cup. In season 2008-09 their Championship hopes were high but they ended in the runners up spot the biggest shock was to come before the season's end when the tenure of Peter Nicholas was ended after five years at the helm, his contract was not renewed and Andy Legg was appointed to the 'hot seat'. Season 2010-11 Legg saw his Reds side lift the coveted Welsh Cup with an emphatic 4-1 win against League Champions Bangor City at Parc y Scarlets and won the play-offs in 2011-12 beating Bala 2-1 in the final. This proved the last game for prolific striker Rhys Griffiths, who had scored 280 goals in 281 games. The club has also enjoyed extraordinary success on the European front beating Gefle, FK Vetra, Ventspils, Motherwell and Dinamo Tbilisi, although only the win against Gefle saw the club progress over two legs.

Season 2012-13, started with the club coming agonisingly close to reaching the second round of the Europa Cup, losing 3-2 to Kups. Financial trouble then hit, with Andy Legg leaving in October 2012 and Bob Jeffrey taking over in a vast cost cutting exercise. However the club was unable to stave off HMRC and were sadly liquated in the High Court in London on 22nd April 2013, before reforming as Llanelli Town AFC this summer and joining Welsh League Division Three for season 2013-14. In the 2013-14 season, Llanelli Town finished 6th in Welsh League Div. 3, the following season they finished as Champions being promoted to Division 2 for season 2015-16 which they finished 7th.

For the 2016-17 season Andy Hill returned to the club as Manager and they won the double Div 2 and League Cup winners. 2017-18 they won the Div. 1 Championship which saw them promoted to the Welsh Premier League for the 2018-19 which unfortunately they finished bottom of the league and were relegated back to the new Cymru South League for the 2019-20 season.

Match Report

AMMANFORD 2 LLANELLI TOWN 5

Not perhaps quite a Valentine's Day massacre, but Ammanford were certainly put to the sword by their near neighbours in a rampant display which went some considerable way to avenging the home 4-1 defeat at Stebonheath last October.

What turned out to be even more pleasing than the actual result was the fact it was achieved with a starting line-up once again reduced to the bare bones, with several absentees making selection difficult for the Reds' management team, but to their immense credit all played their part, carrying out their responsibilities to perfection.

This accolade was certainly deserved by Kyle Copp, who had an outstanding game, notching up a brace while also having a major say in the other goals by Zac Brown and Jordan Davies which ultimately sealed the result.

The visitors were out of the blocks faster than Usain Bolt, taking the lead after just 2 minutes when a corner by Brown lofted into the goalmouth led to home keeper, Craig Morris – one of five ex-Llanelli players in the Ammanford squad – failing to grasp it securely, allowing Copp to take full advantage and force the ball home from close range.

Morris was called into action again shortly after, this time parrying clear a well struck effort to the near post by Liam Samuel, and the visitors continued to call the tune, pressing forward at every opportunity, and were rewarded for their enterprise by notching a second in the 14th minute when a superb reverse pass from Copp sent Brown clear at pace through the home rearguard, and he kept his nerve before rounding Morris and slotting his finish into a vacant net.

Ammanford were being outplayed, and displayed little in the way of attacking options to establish a foothold in proceedings, their nearest attempt arising when a Richard Lewis cross into the box found Tristan Jenkins, but he was quickly closed down before he could get away his strike.

The home side were then forced into a change when an injury to Matthew Fisher led to the introduction of Dale Jones after 19 minutes, and soon after created their first real opportunity when an Andy Robinson free kick from outside the box forced Kai Rees in the Reds goal to divert it over the crossbar.

From the resulting corner taken by Lewis, a scramble ensued in front of the net, before Rees got down to safely grasp an effort from a few yards out.

At the other end when the visitors were awarded a set-piece, Copp struck it goalwards where it was met by Davies who steered it just off target, but they did not have to wait long before extending their lead when Copp was fouled in the area with referee Ryan Kenny pointing to the spot, and Brown, who has assumed the duties of penalty-taker, made no mistake after 27 minutes.

With the home side increasingly desperate to establish a foothold in the contest they launched a number of sorties, but found their opponents' defence in resolute mode, backed up by some confident catches by Rees in goal.

The half came to a close with the visitors on the offensive, Davies seeing his finish blocked by a home defender when Brown set up the chance, and they continued to call the tune after the restart, taking only a further nine minutes before notching up a fourth success, starting initially from a Callum Thomas throw-in to Copp tight on the byline, but he somehow managed to find space before delivering a ball across goal which Morris could only deflect to the far post, allowing Davies to gain possession before finding the net.

The Ammanford keeper was then forced off his line to just beat Samuel to the ball on the edge of the box when Copp played him through, before the hosts were thrown a lifeline with the award of a penalty in the 69th minute following a challenge on Jenkins in the area, and Luke Borrelli gave Rees little chance of keeping out his spot kick.

Even this setback did little to upset the visitors' equilibrium as demonstrated by the fact that within three minutes they scored a fifth, starting when Davies seized possession on halfway before making ground into opposition territory and unselfishly playing a pass into the path of the supporting Copp who coolly took his time before slotting home.

Just two minutes later, it was the turn of the home side to reduce the deficit through Jenkins who finished off a slick move by firing past Rees.

The Reds' keeper then was called into some rare action in the closing stages, clinging safely on to a near post attempt by Brett Enoch, before diverting a further effort clear when Craig Frater tried his luck.

A superb all-round team performance by the visitors who were probably fearing the worse prior to kick-off but showed great character by clinching an important result.

SUPPORTERS CLUB

Chairman Mike Hope
Vice Chairman Craig Francis
Treasurer Alex O'Brian
Secretary Paul Smith
Committee Rob Killick, Rob Matthews,
Richard Killick, Dave Allen,

The main aim of the supporters club is to raise funds for the football club. Last season we were able to help the football club in a number of areas to the total of just over £5500. The committee worked hard to raise this money in a number of ways.

This season we will be trying to help the football club in any way it asks us too. We use the money raised from the Golden Goal before the home games and football scratchcard after the game plus membership fees and profits from merchandise sales to do this.

We will also be holding fund raising events this season, details of which will be released soon. Membership fees for this season are £5. You can also purchase a loyalty card from Stebonheath Sports Bar for £5. A percentage of every £1 you spend (on non match days) will be given straight to the supporters club.

If you have any ideas or wish to join the supporters club committee please speak to any of the committee members listed above.

Michael Hope
Supporters Club Chairman
